

Make Your Own Foam Fountain

Foam is lots and lots of tiny bubbles!

Follow these easy steps to make your own Foam Fountain at home!

Supplies

- ▶ Plastic bottle
- ▶ Scissors
- ▶ Scrap fabric or a sock
- ▶ Rubber band
- ▶ Bubble liquid

1 - Cut off the bottom of the bottle. (Please ask an adult!)

2 - Cover the open bottom of the bottle with your fabric or sock, and secure it with a rubber band.

3 - Dip the fabric-covered end of the bottle in bubble solution, then blow into the top. FOAM!
